# First Monday Call – February 2020

www.openchainproject.org

# Antitrust Policy Notice

› Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

› Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at http://www.linuxfoundation.org/antitrust-policy. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

# OpenChain and Coronavirus

First of all, I would like to offer my personal best wishes and thoughts to everyone who is impacted. The safety of yourself, your family, your friends and your colleagues is the most important thing.

Every decision in the OpenChain Project will be taken from this perspective. We expect events in Asia and abroad to be altered or cancelled due to the outbreak.

More specifically:
(1) On February 18 the 13th OpenChain Japan meeting happens in Tokyo. The Japan Work Group will monitor the situation and decide if we need to change our plans. Updates to follow.
(2) On March 3rd the third OpenChain China meeting happens in Beijing. We will monitor the situation and decide if we cancel within the next two weeks. Updates to follow.
(3) Our events in Taiwan are being decided by our local organizers, SZ and Lucien. Updates to follow.
(4) Our events in Korea are undecided. I will talk with our local community. Updates to follow.
(5) Our co-hosting of the first Asian Legal Network Conference will continue, but the event has moved from Q1 to Fall. Updates to follow.

-- Shane Coughlan, General Manager

OPENCHAIN

# Agenda

- Roll Call (3 mins)
- Main News (10 min)
- ISO Review (10 mins)
- Arm Case Study (10 mins)
- Request for Comments: Project Overview (5 min)
- Request for Comments: OpenChain Tooling + ACT (5 min)
- Any Other Business? (10 mins)

# OpenChain Around the World

# Latest Conformant Organization

*Big cheer for Inno3 in France!*

# Latest Partner Organizations

# Some Cool Stuff: CES + United Nations

*OpenChain had its "general consumer" debut at CES via collaboration with the AGL Project. This saw OpenChain volunteers manning a booth for three days and sharing information with 100s of people.*

*Shane Coughlan, OpenChain General Advisor, has been named as an advisory to the open source activities of the United Nations Technology Innovation Labs.*

# Automotive Work Group (7月2019~)

- This work group has membership from most major automotive companies, Tier 1 suppliers, and a substantial number of Tier 2 and 3 companies.

- It held a face-to-face meeting beside CES in Las Vegas during January. This meeting naturally included an excellent opportunity to build out increased mindshare with US automotive companies.

https://groups.io/g/openchain-automotive-work-group/topics

# Reference Tooling Work Group (7月2019~)

- This work group has membership from many large companies that use open source tooling for open source complaince in production, such as Siemens, Bosch, Toshiba, Hitachi and Fujitsu.

- It held a face-to-face meeting beside FOSDEM in Brussels during January. Oliver Fendt from Siemens has the details.

# OpenChain China – Next Meeting 3月3

# OpenChain Japan – Next Meeting 3月18
# OpenChain in Korea – Next Meeting 3月19

# OpenChain in India – Next Meeting 3月~

# OpenChain Taiwan – Next Meeting 2~3月~

# OpenChain Germany – First Meeting 2月6

Siemens Nuremburg
38 People
29 Companies

# OpenChain USA – First Meeting 3月13

Michael from Facebook has kindly offered us space at their offices in Palo Alto for the first USA Work Group meeting.

We will be promoting the meeting this week and expect a kick-off session with 10~20 people from various Silicon Valley companies.

# OpenChain UK – First Meeting 4~5月

Andrew from Moorcrofts is going to be the primary host of the first OpenChain UK Work Group meeting. More details as the date and venue is locked down.

# Potential Work Groups (3月2020~)

- Global Education Work Group
*A work group focused on ensuring the OpenChain education material is up-to-date and available across multiple languages. This is a similar role to our original curriculum work team but more focused on a specific work outcome.*

- Global Telecommunications Work Group
*A work group focused on how telecommmunication companies can build on their leadership position to ensure smooth industry adoption in a manner similar to the automotive work group.*

# Questions or Comments?

OPENCHAIN

# OpenChain in ISO

# OpenChain in ISO (6月2019~)

The OpenChain Project is submitting our specification to ISO via Publicly Available Specification (PAS) in Joint Technical Committee 1 (JTC-1).

Working in partnership with in partnership with Joint Development Foundation we expect to become a formal standard in the 1$^{st}$ half of 2020.

We are referring to the ISO formatted version as OpenChain 2.1. However, it is functionally identical to OpenChain 2.0 and all OpenChain 2.0 companies will also be ISO conformant.

# OpenChain in ISO (6月2019~)

The ISO submission version is available at:

https://wiki.linuxfoundation.org/_media/openchain/openchainspec-2.1.draft.pdf

Past readers of the spec might find the marked up version useful:

https://wiki.linuxfoundation.org/_media/openchain/OpenChainSpec-2.1.draft.MarkUp.pdf

We are not seeking edits but we do advise everyone to review.

Pausing here to allow Mark Gisi to make any comments or guide any discussion necessary.
